

Update from the Outreach Center Study Committee and Church Council

(July 30, 2015)

On July 27, the Church Council received the following **Study Committee** recommendation that had been approved through the Finance Committee: "Continue renting the Outreach Center location through December 31, 2016; ask our congregation to support the formation of a Building Committee to explore future ministry opportunities as supported by the congregation survey; and to explore options for alternate locations."

At Church Council, the following motion was made: "To form a building committee to research the present and future ministries of First UMC and the need for and type of facilities and locations that take into account the findings of the Study Committee, the 2004 Building Wish List and Phase 3 Building Plan but not limited to those three things. The Building Committee shall present their findings to the Church Council by July 31, 2016." Motion carried. If you or someone you know would like to serve on this Building Committee, please contact Rev. Cindi Stewart.
